

Morocco's National Border Control System

Michael Brandau, Senior Product Manager Verification, Veridos

March 2019, World Border Security Conference

Border control project Morocco

Our project framework

20 million visitors in 2018

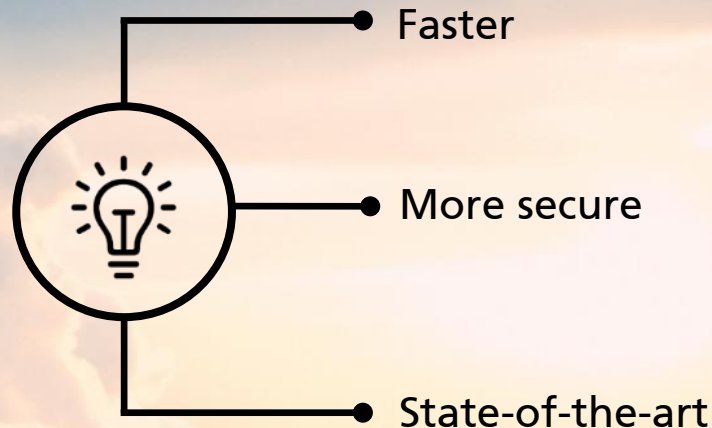

High-tech orientation

Border control project Morocco

The challenge

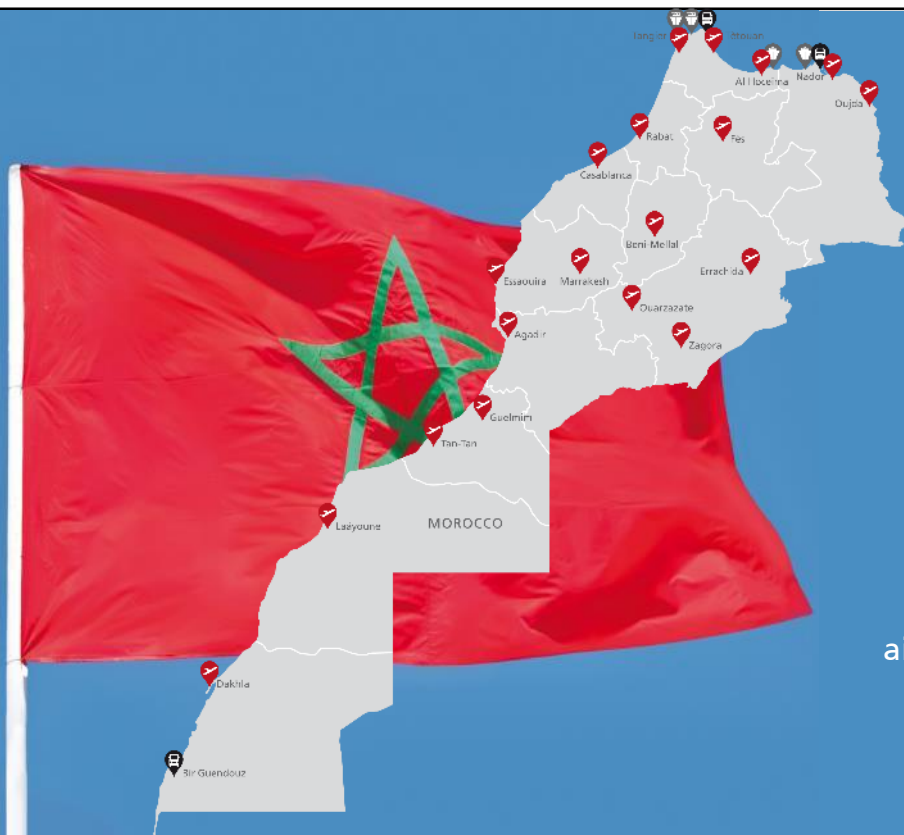

Air traffic increased 13%
in the 1st half of 2018

Travelers' identities needed to be verified
with a new border control system.
